

# WINDPACT PLUS

*Energy Efficient, Impact Resistant Windows & Doors*

*Custom*  
WINDOWS & DOORS

## SINGLE HUNG / HORIZONTAL SLIDER

Externally glazed operating sash and frame for better air and water performance

Sealed multi-hollow extrusion for strength and energy efficiency

Weather stripped interlock with dual seal sash to frame, creates a positive seal keeping out harsh elements

Exterior beveled frame for architectural style

Extruded Florida flange on all frame types

Heavy duty 3" frame thickness

Welded frame and sash corners for strength and water tightness

7/8" overall insulated glass for UV and heat gain thermal protection

Double action self-locking sash locks for added security

Continuous integral lift-handle on top and bottom rails for finger-tip ease of operation

PVC extrusions are impact and corrosion resistant

### CERTIFIED TO MEET OR EXCEED EXPECTATIONS

All CWD vinyl windows are AAMA and NFRC certified, and are compliant with ENERGY STAR® and Green Building standards when ordered with LoE 366. The features listed throughout this brochure helps satisfy LEED™ credits.

• HVHZ approvals on all products

### WINDPACT PLUS LARGE MISSILE IMPACT WINDOWS

- ✓ REDUCED INSURANCE RATES
- ✓ HURRICANE PROTECTION
- ✓ UV RAY PROTECTION
- ✓ ENERGY EFFICIENCY
- ✓ SAFETY & SECURITY
- ✓ NOISE REDUCTION

- 8100 SH up to 100DP, 8200 HS up to +60/-75DP, 8400 CA up to 75DP, 8450 AW up to 75DP, 8500 SH up to 90DP, 8600 HS up to 120DP, 8700 FD from 70DP up to 100DP, Patio Doors up to 120DP
- Tested to Miami-Dade County, Florida and ASTM specifications for impact
- Available with energy efficient LoE<sup>2</sup> & LoE<sup>3</sup> Glass
- Neat® glass is available as option

## SAVE ON ENERGY.

An average home will lose between 10 percent and 25 percent of its energy through windows and doors. The best windows and doors can save up to 15 percent on your heating and cooling energy bills. Did you know that your energy savings can also help to protect the environment? Every kilowatt of energy we use to heat and cool our homes can result in up to 2 lbs of CO<sub>2</sub> being created. With Envirosealed Windows™ and Doors, you are doing your part to conserve energy and protect our planet.

envirosealed  
windows

### Advantages of Cardinal LoE<sup>3</sup>

For the advantages of laminated glass with a reduced solar heat gain, Cardinal offers LoE<sup>3</sup> Coatings. Though virtually invisible to the eye, Cardinal's patented LoE<sup>3</sup> coating reduces solar gains, thus reducing air conditioning costs.

Neutral in color, the microscopically thin LoE<sup>3</sup> coating in laminated glass has high visible light transmission and low outdoor and indoor reflectivity.

### Advanced Design and Engineering

- 1) Multiple hollow chambers for strength and insulation
- 2) Dual-pane insulated glass with double-strength glass (standard)
- 3) Extruded Florida flange on all frame types
- 4) Thick vinyl walls for added structural integrity
- 5) Covered weep holes in sill control water penetration and drainage

CWD vinyl windows are available in two easy-to-clean colors: White and Two-Tone Bronze. Also available with special order only: Solid Adobe, Two-Tone Brick Red & Two-Tone Forest Green.

1900 SW 44th Avenue, Ocala, FL 34474
